

LIST PRICE

PCN-2017

Effective January 01, 2017

WATER COOLERS AND RELATED PRODUCTS

When placing an order from this price sheet, specify the model number, options, color or finish.

Freight Terms:

On single purchase orders of less than four coolers or fountains – a \$125.00 shipping and handling charge will be added to the invoice. Prices are F.O.B., McAllen, TX.

On single purchase orders of four or more refrigerated water coolers or fountains, exception of bottle and POU coolers – shipped complete to a single consignee and destination (coolers may be assorted). Freight prepaid and allowed (within Continental U.S.).

Accessory prices – listed on Pages 14 and 15 are F.O.B., McAllen, TX unless included with four or more pressure water coolers in a single shipment. \$30.00 minimum.

NOTE:

1. Returned Merchandise – A prior written factory approval is necessary for all returned merchandise and is subject to a 20% restocking charge and incoming freight. Unauthorized returns will be rejected at the factory. Models not accepted for return: A. Installed units. B. Units shipped from factory more than one year prior to requested return date. C. Units not on current price list PCN-2014. D. Models with non-standard color, including Regency Bronze. E. Units not in factory sealed original cartons. Freight classification via Motor Carrier: Item 53220, NMFC 100-E, Class 85 LTL.
2. Freight Damage – Please note any possible damage to any units that you receive no matter how small (torn carton, smashed carton, units laying on their side, etc.). If you need to file a claim for concealed damage (not apparent at time of delivery), the delivering terminal of the carrier needs to be notified of the damage within ten (10) days from the date of delivery in order for the carrier to be held liable for damages.
3. No federal excise tax included, not applicable to drinking water coolers. The purchaser will assume and pay any tax, duty or assessment, now or hereafter imposed on these products.
4. Invoiced prices are those in effect on the date order is shipped. All prices subject to change without notice. Seller is not liable for nonfulfillment due to causes beyond his control.
5. Terms of Payment and if Applicable Cash Discount – net amount due in 30 days of invoice date. Invoices are dated the day of shipment. On all accounts not paid within 30 days from the end of the month in which the invoices are rendered a service charge will be assessed at the rate of 2% per month, beginning on the first of the month following the date on which payment is due.

This price sheet rescinds and obsoletes all previous prices and programs. Possession of this price sheet does not constitute an offer to sell.

Complies with ANSI/NSF 61.

No CFCs. We have replaced the use of CFCs in water coolers with hydro fluorocarbon (HFC 134a) refrigerant. HFC 134a contains no chlorine and has an ozone depletion potential of zero, yet it offers the physical properties to effectively replace CFCs as a refrigerant.

Components in these water coolers are lead free as defined by the Safe Drinking Water Act Amendments of 1986, and the Lead Contamination Control Act of 1988.

Models covered by these specifications comply with all known Plumbing Codes. Listed by Underwriters' Laboratories. Certified by Canadian Standards Association.
